SECTION II

How Your Coverage Works

A. Your Coverage Under this Policy.

You have purchased a health insurance Policy from Us. We will provide the benefits described in this Policy to You and Your covered Dependents. You should keep this Policy with Your other important papers so that it is available for Your future reference.

B. Covered Services.

You will receive Covered Services under the terms and conditions of this Policy only when the Covered Service is:

- Medically Necessary;
- Provided by a Participating Provider;
- Listed as a Covered Service;
- Not in excess of any benefit limitations described in the Schedule of Benefits section of this Policy; and
- Received while Your Policy is in force.

When You are outside Our Service Area, coverage is limited to Emergency Services, Pre-Hospital Emergency Medical Services and ambulance services to treat Your Emergency Condition.

C. Participating Providers.

To find out if a Provider is a Participating Provider:

- Check Your Provider directory, available at Your request;
- Call [855-706-7545] or
- Visit Our website at [CareConnect.com]

D. The Role of Primary Care Physicians.

This Policy does not have a gatekeeper, usually known as a Primary Care Physician (“PCP”). Although You are encouraged to receive care from Your PCP, You do not need a referral from a PCP before receiving Specialist care from a Participating Provider.

Access to Providers and Changing Providers. Sometimes Providers in Our Provider directory are not available. You should call the Provider to make sure he or she is a Participating Provider and is accepting new patients.

To see a Provider, call his or her office and tell the Provider that You are a CareConnect Insurance Company, Inc. Member, and explain the reason for Your visit. Have Your ID card available. The Provider’s office may ask You for Your Member ID number. When You go to the Provider’s office, bring Your ID card with You.

E. Services Subject to Preauthorization.

Our Preauthorization is required before You receive certain Covered Services. Your Participating Provider is responsible for requesting Preauthorization for the in-network

services.

F. Preauthorization / Notification Procedure.

If You seek coverage for services that require Preauthorization, Your Provider must call Us at [855-706-7545] or Our vendor at the number on Your ID card.

You must contact Us to provide notification as follows:

- As soon as reasonably possible when air ambulance services are rendered for an Emergency Condition.
- If You are hospitalized in cases of an Emergency Condition, You must call Us within 48 hours after Your admission or as soon thereafter as reasonably possible.

After receiving a request for approval, We will review the reasons for Your planned treatment and determine if benefits are available. Criteria will be based on multiple sources which may include medical policy, clinical guidelines, and pharmacy and therapeutic guidelines.

G. Medical Management.

The benefits available to You under this Policy are subject to pre-service, concurrent and retrospective reviews to determine when services should be Covered by Us. The purpose of these reviews is to promote the delivery of cost-effective medical care by reviewing the use of procedures and, where appropriate, the setting or place the services are performed. Covered Services must be Medically Necessary for benefits to be provided.

H. Medical Necessity.

We Cover benefits described in this Policy as long as the health care service, procedure, treatment, test, device, Prescription Drug or supply (collectively, "service") is Medically Necessary. The fact that a Provider has furnished, prescribed, ordered, recommended, or approved the service does not make it Medically Necessary or mean that We have to Cover it.

We may base Our decision on a review of:

- Your medical records;
- Our medical policies and clinical guidelines;
- Medical opinions of a professional society, peer review committee or other groups of Physicians;
- Reports in peer-reviewed medical literature;
- Reports and guidelines published by nationally-recognized health care organizations that include supporting scientific data;
- Professional standards of safety and effectiveness, which are generally-recognized in the United States for diagnosis, care, or treatment;
- The opinion of Health Care Professionals in the generally-recognized health specialty involved;

- The opinion of the attending Providers, which have credence but do not overrule contrary opinions.

Services will be deemed Medically Necessary only if:

- They are clinically appropriate in terms of type, frequency, extent, site, and duration, and considered effective for Your illness, injury, or disease;
- They are required for the direct care and treatment or management of that condition;
- Your condition would be adversely affected if the services were not provided;
- They are provided in accordance with generally-accepted standards of medical practice;
- They are not primarily for the convenience of You, Your family, or Your Provider;
- They are not more costly than an alternative service or sequence of services, that is at least as likely to produce equivalent therapeutic or diagnostic results;
- When setting or place of service is part of the review, services that can be safely provided to You in a lower cost setting will not be Medically Necessary if they are performed in a higher cost setting. For example, We will not provide coverage for an inpatient admission for surgery if the surgery could have been performed on an outpatient basis.

See the Utilization Review and External Appeal sections of this Policy for Your right to an internal Appeal and external appeal of Our determination that a service is not Medically Necessary.

I. Protection from Surprise Bills.

1. A surprise bill is a bill You receive for Covered Services in the following circumstances:

- For services performed by a non-participating Physician at a participating Hospital or Ambulatory Surgical Center, when:
 - A participating Physician is unavailable at the time the health care services are performed;
 - A non-participating Physician performs services without Your knowledge; or
 - Unforeseen medical issues or services arise at the time the health care services are performed.

A surprise bill does not include a bill for health care services when a participating Physician is available and You elected to receive services from a non-participating Physician.

- You were referred by a participating Physician to a Non-Participating Provider without Your explicit written consent acknowledging that the referral is to a Non-Participating Provider and it may result in costs not covered by Us. For a surprise bill, a referral to a Non-Participating Provider means:
 - Covered Services are performed by a Non-Participating Provider in the participating Physician's office or practice during the same visit;

- The participating Physician sends a specimen taken from You in the participating Physician's office to a non-participating laboratory or pathologist; or
- For any other Covered Services performed by a Non-Participating Provider at the participating Physician's request, when Referrals are required under Your Policy.

You will be held harmless for any Non-Participating Provider charges for the surprise bill that exceed Your Copayment, Deductible or Coinsurance if You assign benefits to the Non-Participating Provider in writing. In such cases, the Non-Participating Provider may only bill You for Your Copayment, Deductible or Coinsurance.

The assignment of benefits form for surprise bills is available at www.dfs.ny.gov or You can visit Our website at [CareConnect.com] for a copy of the form. You need to mail a copy of the assignment of benefits form to Us at the address on Our website and to Your Provider.

2. Independent Dispute Resolution Process. Either We or a Provider may submit a dispute involving a surprise bill to an independent dispute resolution entity ("IDRE") assigned by the state. Disputes are submitted by completing the IDRE application form, which can be found at www.dfs.ny.gov. The IDRE will determine whether Our payment or the Provider's charge is reasonable within 30 days of receiving the dispute.

J. Delivery of Covered Services Using Telehealth.

If Your Participating Provider offers Covered Services using telehealth, We will not deny the Covered Services because they are delivered using telehealth. Covered Services delivered using telehealth may be subject to utilization review and quality assurance requirements and other terms and conditions of the Policy that are at least as favorable as those requirements for the same service when not delivered using telehealth. "Telehealth" means the use of electronic information and communication technologies by a Participating Provider to deliver Covered Services to You while Your location is different than Your Provider's location.

K. Case Management.

Case management helps coordinate services for Members with health care needs due to serious, complex, and/or chronic health conditions. Our programs coordinate benefits and educate Members who agree to take part in the case management program to help meet their health-related needs.

Our case management programs are confidential and voluntary. These programs are given at no extra cost to You and do not change Covered Services. If You meet program criteria and agree to take part, We will help You meet Your identified health care needs. This is reached through contact and team work with You and/or Your authorized representative, treating Physician(s), and other Providers. In addition, We

may assist in coordinating care with existing community-based programs and services to meet Your needs, which may include giving You information about external agencies and community-based programs and services.

In certain cases of severe or chronic illness or injury, We may provide benefits for alternate care through Our case management program that is not listed as a Covered Service. We may also extend Covered Services beyond the benefit maximums of this Policy. We will make Our decision on a case-by-case basis if We determine the alternate or extended benefit is in the best interest of You and Us.

Nothing in this provision shall prevent You from appealing Our decision. A decision to provide extended benefits or approve alternate care in one case does not obligate Us to provide the same benefits again to You or to any other Member. We reserve the right, at any time, to alter or stop providing extended benefits or approving alternate care. In such case, We will notify You or Your representative in writing.

SECTION III

Access to Care and Transitional Care

A. Authorization to a Non-Participating Provider.

If We determine that We do not have a Participating Provider that has the appropriate training and experience to treat Your condition, We will approve an authorization to an appropriate Non-Participating Provider. Your Participating Provider must request prior approval of the authorization to a specific Non-Participating Provider. Approvals of authorizations to Non-Participating Providers will not be made for the convenience of You or another treating Provider and may not necessarily be to the specific Non-Participating Provider You requested. If We approve the authorization, all services performed by the Non-Participating Provider are subject to a treatment plan approved by Us in consultation with Your PCP, the Non-Participating Provider and You. Covered Services rendered by the Non-Participating Provider will be paid as if they were provided by a Participating Provider. You will be responsible only for any applicable in-network Cost-Sharing. In the event an authorization is not approved, any services rendered by a Non-Participating Provider will not be Covered.

B. When Your Provider Leaves the Network.

If You are in an ongoing course of treatment when Your Provider leaves Our network, then You may be able to continue to receive Covered Services for the ongoing treatment from the former Participating Provider for up to 90 days from the date Your Provider's contractual obligation to provide services to You terminates. If You are pregnant and in Your second or third trimester, You may be able to continue care with a former Participating Provider through delivery and any postpartum care directly related to the delivery.

In order for You to continue to receive Covered Services for up to 90 days or through a pregnancy with a former Participating Provider, the Provider must agree to accept as payment the negotiated fee that was in effect just prior to the termination of Our relationship with the Provider. The Provider must also agree to provide Us necessary medical information related to Your care and adhere to Our policies and procedures, including those for assuring quality of care, obtaining Preauthorization, and a treatment plan approved by Us. If the Provider agrees to these conditions, You will receive the Covered Services as if they were being provided by a Participating Provider. You will be responsible only for any applicable in-network Cost-Sharing. Please note that if the Provider was terminated by Us due to fraud, imminent harm to patients or final disciplinary action by a state board or agency that impairs the Provider's ability to practice, continued treatment with that Provider is not available.

C. New Members In a Course of Treatment.

If You are in an ongoing course of treatment with a Non-Participating Provider when Your coverage under this Policy becomes effective, You may be able to receive Covered Services for the ongoing treatment from the Non-Participating Provider for up to 60 days from the effective date of Your coverage under this Policy. This course of treatment

must be for a life-threatening disease or condition or a degenerative and disabling condition or disease. You may also continue care with a Non-Participating Provider if You are in the second or third trimester of a pregnancy when Your coverage under this Policy becomes effective. You may continue care through delivery and any post-partum services directly related to the delivery.

In order for You to continue to receive Covered Services for up to 60 days or through pregnancy, the Non-Participating Provider must agree to accept as payment Our fees for such services. The Provider must also agree to provide Us necessary medical information related to Your care and to adhere to Our policies and procedures including those for assuring quality of care, obtaining Preauthorization, referrals, and a treatment plan approved by Us. If the Provider agrees to these conditions, You will receive the Covered Services as if they were being provided by a Participating Provider. You will be responsible only for any applicable in-network Cost-Sharing.

SECTION IV

Cost-Sharing Expenses and Allowed Amount

A. [Deductible.

Except where stated otherwise, You must pay the amount in the Schedule of Benefits section of this Policy for Covered Services during each Plan Year before We provide coverage. If You have other than individual coverage, the individual Deductible applies to each person covered under this Policy. Once a person within a family meets the individual Deductible, no further Deductible is required for the person that has met the individual Deductible for that Plan Year. However, after Deductible payments for persons covered under this Policy collectively total the family Deductible amount in the Schedule of Benefits section of this Policy in a Plan Year, no further Deductible will be required for any person covered under this Policy for that Plan Year.]

[Deductible.

Except where stated otherwise, You must pay the amount in the Schedule of Benefits section of this Policy for Covered Services during each Plan Year before We provide coverage. If You have other than individual coverage, You must pay the family Deductible in the Schedule of Benefits section of this Policy for Covered Services under this Policy during each Plan Year before We provide coverage for any person covered under this Policy. However, after Deductible payments for persons covered under this Policy collectively total the family Deductible amount in the Schedule of Benefits section of this Policy in a Plan Year, no further Deductible will be required for any person covered under this Policy for that Plan Year.]

[Deductible.

There is no Deductible for Covered Services under this Policy during each Plan Year.]

[Prescription Drug Deductible.

Except where stated otherwise, You must pay the amount in the Schedule of Benefits section of this Policy for Covered Prescription Drugs during each Plan Year before We provide coverage.]

B. Copayments.

Except where stated otherwise, [after You have satisfied the Deductible described above,] You must pay the Copayments, or fixed amounts, in the Schedule of Benefits section of this Policy for Covered Services. However, when the Allowed Amount for a service is less than the Copayment, You are responsible for the lesser amount.

C. Coinsurance.

Except where stated otherwise, [after You have satisfied the Deductible described above,] You must pay a percentage of the Allowed Amount for Covered Services. We will pay the remaining percentage of the Allowed Amount as Your benefit as shown in the Schedule of Benefits section of this Policy.

[D. Office Visit Allowance.

[We Cover Services provided in an office setting for diagnostic evaluation and treatment in full for each Member until the allowance described in the Schedule of Benefits section of this Policy is exhausted for a Plan Year. Once the allowance is exhausted, the Cost-Sharing in the Schedule of Benefits section of this Policy will apply. Services included in the allowance are those provided by a Participating Provider in an office setting.

Preventive services required to be Covered at no Cost-Sharing do not count toward the allowance.]

[E.] Out-of-Pocket Limit.

A. Who is Covered Under this Policy.

You, the Subscriber to whom this Policy is issued, are covered under this Policy. You must live or reside in Our Service Area to be covered under this Policy. If You are enrolled in Medicare, You are not eligible to purchase this Policy. Members of Your family may also be covered depending on the type of coverage You selected.

B. Types of Coverage.

We offer the following types of coverage:

1. **Individual.** If You selected individual coverage, then You are covered.
2. **Individual and Spouse.** If You selected individual and Spouse coverage, then You and Your Spouse are covered.

4. **Family.** If You selected family coverage, then You, Your Spouse and Your Child or Children, as described below, are covered.

C. Children Covered Under this Policy.

If You selected parent and child/children or family coverage, Children covered under this Policy include Your natural Children, legally adopted Children, step Children, and Children for whom You are the proposed adoptive parent without regard to financial dependence, residency with You, student status or employment. A proposed adopted Child is eligible for coverage on the same basis as a natural Child during any waiting period prior to the finalization of the Child's adoption. Coverage lasts until the end of the month in which the Child turns 26 years of age. Coverage also includes Children for whom You are a permanent legal guardian if the Children are chiefly dependent upon You for support and You have been appointed the legal guardian by a court order. Grandchildren are covered. Foster Children are not covered.

Any unmarried dependent Child, regardless of age, who is incapable of self-sustaining employment by reason of mental illness, developmental disability, mental retardation (as defined in the New York Mental Hygiene Law), or physical handicap and who became so incapable prior to attainment of the age at which the Child's coverage would otherwise terminate and who is chiefly dependent upon You for support and maintenance, will remain covered while Your insurance remains in force and Your Child remains in such condition. You have 31 days from the date of Your Child's attainment of the termination age to submit an application to request that the Child be included in Your coverage and proof of the Child's incapacity. We have the right to check whether a Child is and continues to qualify under this section.

We have the right to request and be furnished with such proof as may be needed to determine eligibility status of a prospective or covered Subscriber and all other prospective or covered Members in relation to eligibility for coverage under this Policy at any time.

D. Open Enrollment.

You can enroll under this Policy during an open enrollment period that runs from November 1 of the prior calendar year through January 31 of the following calendar year. If the NYSOH receives Your selection on or before December 15 of the prior calendar year, Your coverage will begin on January 1, of the following calendar year, as long as the applicable Premium payment is received by then. If the NYSOH receives Your selection between the dates of December 16 of the prior calendar year through January 15 of the following calendar year, Your coverage will begin on February 1, as long as the applicable Premium payment is received by then. If the NYSOH receives Your selection between the dates of January 16 through January 31, Your coverage will begin on March 1, as long as the applicable Premium payment is received by then.

If You do not enroll during open enrollment, or during a special enrollment period as described below, You must wait until the next annual open enrollment period to enroll.

E. Special Enrollment Periods.

Outside of the annual open enrollment period, You, the Subscriber, Your Spouse, or Child can enroll for coverage within 60 days prior to or after the occurrence of one (1) of the following events:

1. You, Your Spouse or Child involuntarily loses minimum essential coverage, including COBRA or state continuation coverage; including if You are enrolled in a non-calendar year group health plan or individual health insurance coverage, even if You have the option to renew the coverage;
2. You, Your Spouse or Child are determined newly eligible for advance payments of the Premium Tax Credit because the coverage You are enrolled in will no longer be employer-sponsored minimum essential coverage, including as a result of Your employer discontinuing or changing available coverage within the next 60 days, provided that You are allowed to terminate existing coverage;
3. You, Your Spouse or Child loses eligibility for Medicaid coverage, including Medicaid coverage for pregnancy-related services and Medicaid coverage for the medically needy, but not including other Medicaid programs that do not provide coverage for primary and specialty care; or
4. You, Your Spouse or Child become eligible for new qualified health plans because of a permanent move and You, Your Spouse or Child either had minimum essential coverage for one (1) or more days during the 60 days before the move or were living outside the United States or a United States territory at the time of the move.

Outside of the annual open enrollment period, You, the Subscriber, Your Spouse, or Child can enroll for coverage within 60 days after the occurrence of one (1) of the following events:

1. You, Your Spouse or Child's enrollment or non-enrollment in another qualified health plan was unintentional, inadvertent or erroneous and was the result of the error, misrepresentation, or inaction of an officer, employee, or agent of the NYSOH, or a non-NYSOH entity providing enrollment assistance or conducting enrollment activities, as evaluated and determined by the NYSOH;
2. You, Your Spouse or Child adequately demonstrate to the NYSOH that another qualified health plan in which You were enrolled substantially violated a material provision of its contract;
3. You gain a Dependent or become a Dependent through marriage, birth, adoption or placement for adoption or foster care, or through a child support order or other court order, however, foster children are not covered under this policy;
4. You lose a Dependent or are no longer considered a Dependent through divorce, legal separation, or upon the death of You or Your Dependents;

6. You, Your Spouse or Child demonstrate to the NYSOH that You meet other exceptional circumstances as the NYSOH may provide;
7. You, Your Spouse or Child were not previously a citizen, national, or lawfully present individual and You gain such status; or
8. You, Your Spouse or Child are determined newly eligible or newly ineligible for advance payments of the Premium Tax Credit or have a change in eligibility for Cost-Sharing Reductions.

The NYSOH must receive notice and We must receive any Premium payment within 60 days of one (1) of these events.

If You, Your Spouse or Child enroll because You are losing minimum essential coverage within the next 60 days, You are determined newly eligible for advance payments of the Premium Tax Credit because the coverage You are enrolled in will no longer be employer-sponsored minimum essential coverage, or You gain access to new [qualified] health plans because You are moving, and Your selection is made on or before the triggering event, then Your coverage will begin on the first day of the month following Your loss of coverage.

If You, Your Spouse or Child enroll because You got married, Your coverage will begin on the first day of the month following Your selection of coverage. If You, Your Spouse or Child enroll because You gain a Dependent through adoption or placement for adoption, Your coverage will begin on the date of the adoption or placement for adoption. If You, Your Spouse or Child enroll because of a court order, Your coverage will begin on the date the court order is effective.

If You have a newborn or adopted newborn Child and the NYSOH receives notice of such birth within 60 days thereafter, coverage for Your newborn starts at the moment of birth; otherwise coverage begins on the date on which the NYSOH receives notice. Your adopted newborn Child will be covered from the moment of birth if You take physical custody of the infant as soon as the infant is released from the Hospital after birth and You file a petition pursuant to Section 115-c of the New York Domestic Relations Law within 60 days of the infant's birth; and provided further that no notice of revocation to the adoption has been filed pursuant to Section 115-b of the New York Domestic Relations Law, and consent to the adoption has not been revoked. However, We will not provide Hospital benefits for the adopted newborn's initial Hospital stay if one of the infant's natural parents has coverage for the newborn's initial Hospital stay. If You have individual or individual and Spouse coverage, You must also notify the NYSOH of Your desire to switch to parent and child/children or family coverage and pay any additional Premium within 60 days of the birth or adoption in order for coverage to start at the moment of birth. Otherwise, coverage begins on the date on which the NYSOH receives notice, provided that You pay any additional Premium when due.

If You, Your Spouse or Child enroll because of the death of You or Your Dependents, Your coverage will begin on the first day of the month following Your selection.

Advance payments of any Premium Tax Credit and Cost-Sharing Reductions are not effective until the first day of the following month, unless the birth, adoption, or placement for adoption occurs on the first day of the month.

In all other cases, the effective date of Your coverage will depend on when the NYSOH receives Your selection. If Your selection is received between the first and fifteenth day of the month, Your coverage will begin on the first day of the following month, as long as Your applicable Premium payment is received by then. If Your selection is received between the sixteenth day and the last day of the month, Your coverage will begin on the first day of the second month, as long as Your applicable Premium payment is received by then.

F. Special Enrollment Period for Pregnant Women

If You are pregnant as certified by a Health Care Professional, You may enroll in coverage at any time during Your pregnancy. You must provide Us with the certification from Your Health Care Professional that You are pregnant. Coverage will be effective on the first day of the month in which You received the certification from Your Health Care Professional that You are pregnant unless You elect for coverage to be effective on the first day of the month following certification. You must pay all Premiums due from the first day of the month in which You received the certification that You are pregnant for Your coverage to begin. However, if You have a prescription for a drug that is being moved to a higher tier (other than a Brand-Name Drug that becomes available as a Generic Drug as described below) We will notify You. When such changes occur, Your out-of-pocket expense may change. You may access the most up to date tier status on Our website at [CareConnect.com] or by calling [855-706-7545].

The request should include a statement from Your prescribing Health Care Professional that all Formulary drugs will be or have been ineffective, would not be as effective as the non-Formulary drug, or would have adverse effects. If coverage is denied under Our standard or expedited Formulary exception process, You are entitled to an external appeal as outlined in the External Appeal section of this Policy. Visit Our website at [CareConnect.com] or call [855-706-7545] to find out more about this process.

Standard Review of a Formulary Exception. Benefits will be provided for Prescription Drugs dispensed by a mail order pharmacy in a quantity of up to a 90-day supply. You are responsible for one (1) Cost-Sharing amount for a 30-day supply up to a maximum of two and a half (2.5) Cost-Sharing amounts for a 90-day supply.

Specialty Prescription Drugs may be limited to a 30-day supply when obtained at a retail or mail order pharmacy. You may access Our website at [CareConnect.com] or by calling [855-706-7545] or the number on Your ID card for more information on supply limits for specialty Prescription Drugs.

Some Prescription Drugs may be subject to quantity limits based on criteria that We have developed, subject to Our periodic review and modification. You can determine whether a Prescription Drug has been assigned a maximum quantity level for dispensing by accessing Our website at [CareConnect.com] or by calling [855-706-7545]. If We deny a request to Cover an amount that exceeds Our quantity level, You are entitled to an Appeal pursuant to the Utilization Review and External Appeal sections of this Policy.

[11.] Emergency Supply of Prescription Drugs for Substance Use Disorder

Treatment. If You have an Emergency Condition, You may immediately access, without Preauthorization, a five (5) day emergency supply of a Prescription Drug for the treatment of a substance use disorder, including a Prescription Drug to manage opioid withdrawal and/or stabilization and for opioid overdose reversal. If You have a Copayment, it will be prorated. If You receive an additional supply of the Prescription Drug within the 30-day period in which You received the emergency supply, Your Copayment for the remainder of the 30-day supply will also be prorated. In no event will the prorated Copayment(s) total more than Your Copayment for a 30-day supply.

In this paragraph, "Emergency Condition" means a substance use disorder condition that manifests itself by Acute symptoms of sufficient severity, including severe pain or the expectation of severe pain, such that a prudent layperson, possessing an average knowledge of medicine and health, could reasonably expect the absence of immediate medical attention to result in:

- Placing the health of the person afflicted with such condition or, with respect to a pregnant woman, the health of the woman or her unborn child in serious jeopardy, or in the case of a behavioral condition, placing the health of such person or others in serious jeopardy;
- Serious impairment to such person's bodily functions;
- Serious dysfunction of any bodily organ or part of such person; or
- Serious disfigurement of such person.

[12.] [Initial Limited Supply of Prescription Opioid Drugs. If You receive an initial limited prescription for a seven (7) day supply or less of any schedule II, III, or IV opioid prescribed for Acute pain, and You have a Copayment, Your Copayment

will be prorated. If You receive an additional supply of the Prescription Drug within the 30-day period in which You received the seven (7) day supply, Your Copayment for the remainder of the 30-day supply will also be prorated. In no event will the prorated Copayment(s) total more than Your Copayment for a 30-day supply.]

[13.] Cost-Sharing for Orally-Administered Anti-Cancer Drugs. Your Cost-Sharing for orally-administered anti-cancer drugs is at least as favorable to You as the Cost-Sharing amount, if any, that applies to intravenous or injected anticancer medications Covered under the Outpatient and Professional Services section of this Policy.

[14.] Half Tablet Program. Certain Prescription Drugs may be designated as eligible for Our voluntary half tablet program. This program provides the opportunity to reduce Your Prescription Drug out-of-pocket expenses by up to 50% by using higher strength tablets and splitting them in half. If You are taking an eligible Prescription Drug, and You would like to participate in this program, please call Your Physician to see if the half tablet program is appropriate for Your condition. If Your Physician agrees, he or she must write a new prescription for Your medication to enable Your participation.

You can determine whether a Prescription Drug is eligible for the voluntary half tablet program by accessing Our website at [CareConnect.com] or by calling [855-706-7545] or the number on Your ID card.

[15.] [Split Fill Dispensing Program. The split fill dispensing program is designed to prevent wasted Prescription Drugs if Your Prescription Drug or dose changes [or if We contact You and You confirm that You have leftover Prescription Drugs from a previous fill]. The Prescription Drugs that are included under this program have been identified as requiring more frequent follow up to monitor response to treatment and reactions. You will initially get a 15-day supply [(or appropriate amount of medication needed for an average infertility treatment cycle)] of Your Prescription Order for certain drugs filled at a [Designated; retail; mail order] [P;p]harmacy instead of the full Prescription Order. You initially pay [half the 30-day Cost-Sharing; a lesser Cost-Sharing based on what is dispensed]. The therapeutic classes of Prescription Drugs that are included in this program are: [Antivirals/Anti-infectives, anticoagulants, antidiabetics, anti-inflammatory agents Infertility, Iron Toxicity, Mental/Neurologic Disorders, Multiple Sclerosis, and Oncology]. You or Your Provider can opt out by visiting Our website [CareConnect.com] or by calling [855-706-7545].]

D. Medical Management.

This Policy includes certain features to determine when Prescription Drugs should be

Covered, which are described below. As part of these features, Your prescribing Provider may be asked to give more details before We can decide if the Prescription Drug is Medically Necessary.

- 1. Preauthorization.** Preauthorization may be needed for certain Prescription Drugs to make sure proper use and guidelines for Prescription Drug coverage are followed. When appropriate, Your Provider will be responsible for obtaining Preauthorization for the Prescription Drug.

For a list of Prescription Drugs that need Preauthorization, please visit Our website at [CareConnect.com] or call [855-706-7545]. The list will be reviewed and updated from time to time. We also reserve the right to require Preauthorization for any new Prescription Drug on the market or for any currently available Prescription Drug which undergoes a change in prescribing protocols and/or indications regardless of the therapeutic classification, including if a Prescription Drug or related item on the list is not Covered under Your Policy. Your Provider may check with Us to find out which Prescription Drugs are Covered.

- 2. Step Therapy.** Step therapy is a process in which You may need to use one (1) or more types of Prescription Drug before We will Cover another as Medically Necessary. We check certain Prescription Drugs to make sure that proper prescribing guidelines are followed. These guidelines help You get high quality and cost-effective Prescription Drugs. The Prescription Drugs that require Preauthorization under the step therapy program are also included on the Preauthorization drug list. If coverage is denied, You are entitled to an Appeal as outlined in the Utilization Review and External Appeal sections of this Policy.

- [3. Therapeutic Substitution.** Therapeutic substitution is an optional program that tells You and Your Providers about alternatives to certain prescribed drugs. We may contact You and Your Provider to make You aware of these choices. Only You and Your Provider can determine if the therapeutic substitute is right for You. We have a therapeutic drug substitutes list, which We review and update from time to time. For questions or issues about therapeutic drug substitutes, visit Our website at [CareConnect.com] or call [855-706-7545].]

E. Limitations/Terms of Coverage.

1. We reserve the right to limit quantities, day supply, early Refill access and/or duration of therapy for certain medications based on Medical Necessity including acceptable medical standards and/or FDA recommended guidelines.
2. If We determine that You may be using a Prescription Drug in a harmful or abusive manner, or with harmful frequency, Your selection of Participating Pharmacies may be limited. If this happens, We may require You to select a single Participating Pharmacy that will provide and coordinate all future pharmacy services. Benefits will be paid only if You use the selected single Participating

Pharmacy. If You do not make a selection within 31 days of the date We notify You, We will select a single Participating Pharmacy for You.

3. Compounded Prescription Drugs will be Covered only when the primary ingredient is a Covered legend Prescription Drug, they are not essentially the same as a Prescription Drug from a manufacturer and are obtained from a pharmacy that is approved for compounding. All compounded Prescription Drugs over \$250 require Your Provider to obtain Preauthorization. Compounded Prescription Drugs are on tier 3.
4. Various specific and/or generalized “use management” protocols will be used from time to time in order to ensure appropriate utilization of medications. Such protocols will be consistent with standard medical/drug treatment guidelines. The primary goal of the protocols is to provide Our Members with a quality-focused Prescription Drug benefit. In the event a use management protocol is implemented, and You are taking the drug(s) affected by the protocol, You will be notified in advance.
5. Injectable drugs (other than self-administered injectable drugs) and diabetic insulin, oral hypoglycemics, and diabetic supplies and equipment are not Covered under this section but are Covered under other sections of this Policy.
6. We do not Cover charges for the administration or injection of any Prescription Drug. Prescription Drugs given or administered in a Physician’s office are Covered under the Outpatient and Professional Services section of this Policy.
7. We do not Cover drugs that do not by law require a prescription, except for smoking cessation drugs, over-the-counter preventive drugs or devices provided in accordance with the comprehensive guidelines supported by HRSA or with an “A” or “B” rating from USPSTF, or as otherwise provided in this Policy. We do not Cover Prescription Drugs that have over-the-counter non-prescription equivalents, except if specifically designated as Covered in the drug Formulary. Non-prescription equivalents are drugs available without a prescription that have the same name/chemical entity as their prescription counterparts.
8. We do not Cover Prescription Drugs to replace those that may have been lost or stolen.
9. We do not Cover Prescription Drugs dispensed to You while in a Hospital, nursing home, other institution, Facility, or if You are a home care patient, except in those cases where the basis of payment by or on behalf of You to the Hospital, nursing home, Home Health Agency or home care services agency, or other institution, does not include services for drugs.

10. We reserve the right to deny benefits as not Medically Necessary or experimental or investigational for any drug prescribed or dispensed in a manner contrary to standard medical practice. If coverage is denied, You are entitled to an Appeal as described in the Utilization Review and External Appeal sections of this Policy.
11. A pharmacy need not dispense a Prescription Order that, in the pharmacist's professional judgment, should not be filled.

F. General Conditions.

1. You must show Your ID card to a retail pharmacy at the time You obtain Your Prescription Drug or You must provide the pharmacy with identifying information that can be verified by Us during regular business hours. You must include Your identification number on the forms provided by the mail order pharmacy from which You make a purchase.
2. **Drug Utilization, Cost Management and Rebates.** We conduct various utilization management activities designed to ensure appropriate Prescription Drug usage, to avoid inappropriate usage, and to encourage the use of cost-effective drugs. Through these efforts, You benefit by obtaining appropriate Prescription Drugs in a cost-effective manner. The cost savings resulting from these activities are reflected in the premiums for Your coverage. We may also, from time to time, enter into agreements that result in Us receiving rebates or other funds ("rebates") directly or indirectly from Prescription Drug manufacturers, Prescription Drug distributors or others. Any rebates are based upon utilization of Prescription Drugs across all of Our business and not solely on any one Member's utilization of Prescription Drugs. Any rebates received by Us may or may not be applied, in whole or part, to reduce premiums either through an adjustment to claims costs or as an adjustment to the administrative expenses component of Our Prescription Drug premiums. Instead, any such rebates may be retained by Us, in whole or part, in order to fund such activities as new utilization management activities, community benefit activities and increasing reserves for the protection of Members. Rebates will not change or reduce the amount of any Copayment or Coinsurance applicable under Our Prescription Drug coverage.

9. **Prescription Drug Cost:** The rate We have agreed to pay Our Participating Pharmacies, including a dispensing fee and any sales tax, for a Covered Prescription Drug dispensed at a Participating Pharmacy. Utilization Review

A. Utilization Review.

We review health services to determine whether the services are or were Medically Necessary or experimental or investigational ("Medically Necessary"). This process is called Utilization Review. Utilization Review includes all review activities, whether they take place prior to the service being performed (Preauthorization); when the service is being performed (concurrent); or after the service is performed (retrospective). If You have any questions about the Utilization Review process, please call [855-706-7545]. The toll-free telephone number is available at least 40 hours a week with an after-hours answering machine.

All determinations that services are not Medically Necessary will be made by: 1) licensed Physicians; or 2) licensed, certified, registered or credentialed Health Care Professionals who are in the same profession and same or similar specialty as the Provider who typically manages Your medical condition or disease or provides the health care service under review; or 3) with respect to substance use disorder treatment, licensed Physicians or licensed, certified, registered or credentialed Health Care Professionals who specialize in behavioral health and have experience in the delivery of substance use disorder courses of treatment. We do not compensate or provide financial incentives to Our employees or reviewers for determining that services are not Medically Necessary. We have developed guidelines and protocols to assist Us in this process. For substance use disorder treatment, We will use evidence-based and peer reviewed clinical review tools designated by OASAS that are appropriate to the age of the patient. Specific guidelines and protocols are available for Your review upon request. For more information, call [855-706-7545] or visit Our website at [CareConnect.com].

If all necessary information is not received within 45 days, We will make a determination within 15 calendar days of the end of the 45 day period.

2. **Urgent Preauthorization Reviews.** With respect to urgent Preauthorization requests, if We have all information necessary to make a determination, We will

make a determination and provide notice to You (or Your designee) and Your Provider, by telephone, within 72 hours of receipt of the request. Written notice will be provided within three (3) business days of receipt of the request. If We need additional information, We will request it within 24 hours. Written notification will be provided within three (3) business days of Our receipt of the request. Where feasible, the telephonic and written notification will also be provided to the court.

C. Concurrent Reviews.

1. **Non-Urgent Concurrent Reviews.** Utilization Review decisions for services during the course of care (concurrent reviews) will be made, and notice provided to You (or Your designee) and Your Provider, by telephone and in writing, within one (1) business day of receipt of all necessary information. If We need additional information, We will request it within one (1) business day. You or Your Provider will then have 45 calendar days to submit the information. We will make a determination and provide notice to You (or Your designee) and Your Provider, by telephone and in writing, within one (1) business day of Our receipt of the information or, if We do not receive the information, within 15 calendar days of the end of the 45-day period.
2. **Urgent Concurrent Reviews.** For concurrent reviews that involve an extension of Urgent Care, if the request for coverage is made at least 24 hours prior to the expiration of a previously approved treatment, We will make a determination and provide notice to You (or Your designee) and Your Provider by telephone within 24 hours of receipt of the request. Written notice will be provided within one (1) business day of receipt of the request.

If the request for coverage is not made at least 24 hours prior to the expiration of a previously approved treatment and We have all the information necessary to make a determination, We will make a determination and provide written notice to You (or Your designee) and Your Provider within the earlier of 72 hours or one (1) business day of receipt of the request. If We need additional information, We will request it within 24 hours. You or Your Provider will then have 48 hours to submit the information. Coverage will not be subject to concurrent review for the first 14 days of the inpatient admission if the OASAS-certified Facility notifies Us of both the admission and the initial treatment plan within 48 hours of the admission. After the first 14 days of the inpatient admission, We may review the entire stay to determine whether it is Medically Necessary. If any portion of the stay is denied as not Medically Necessary, You are only responsible for the in-network Cost-Sharing that would otherwise apply to Your inpatient admission.

D. Retrospective Reviews.

If We have all information necessary to make a determination regarding a retrospective claim, We will make a determination and notify You and Your Provider within 30 calendar days of the receipt of the request. If We need additional information, We will request it within 30 calendar days. You or Your Provider will then have 45 calendar days to provide the information. We will make a determination and provide notice to You and Your Provider in writing within 15 calendar days of the earlier of Our receipt of the information or the end of the 45-day period.

Once We have all the information to make a decision, Our failure to make a Utilization Review determination within the applicable time frames set forth above will be deemed an adverse determination subject to an internal Appeal.

E. Retrospective Review of Preauthorized Services.

We may only reverse a preauthorized treatment, service or procedure on retrospective review when:

- The relevant medical information presented to Us upon retrospective review is materially different from the information presented during the Preauthorization review;
- The relevant medical information presented to Us upon retrospective review existed at the time of the Preauthorization but was withheld or not made available to Us;
- We were not aware of the existence of such information at the time of the Preauthorization review; and

- Had We been aware of such information, the treatment, service or procedure being requested would not have been authorized. The determination is made using the same specific standards, criteria or procedures as used during the Preauthorization review.

F. Reconsideration.

If We did not attempt to consult with Your Provider who recommended the Covered Service before making an adverse determination, the Provider may request reconsideration by the same clinical peer reviewer who made the adverse determination or a designated clinical peer reviewer if the original clinical peer reviewer is unavailable. For Preauthorization and concurrent reviews, the reconsideration will take place within one (1) business day of the request for reconsideration. If the adverse determination is upheld, a notice of adverse determination will be given to You and Your Provider, by telephone and in writing.

G. Utilization Review Internal Appeals.

You, Your designee, and, in retrospective review cases, Your Provider, may request an internal Appeal of an adverse determination, either by phone, in person, or in writing.

You have up to 180 calendar days after You receive notice of the adverse determination to file an Appeal. We will acknowledge Your request for an internal Appeal within 15 calendar days of receipt. This acknowledgment, will if necessary, inform You of any additional information needed before a decision can be made. A clinical peer reviewer who is a Physician or a Health Care Professional in the same or similar specialty as the Provider who typically manages the disease or condition at issue and who is not subordinate to the clinical peer reviewer who made the initial adverse determination will perform the Appeal.

1. **Out-of-Network Service Denial.** You also have the right to Appeal the denial of a Preauthorization request for an out-of-network health service when We determine that the out-of-network health service is not materially different from an available in-network health service. A denial of an out-of-network health service is a service provided by a Non-Participating Provider, but only when the service is not available from a Participating Provider. For a Utilization Review Appeal of denial of an out-of-network health service, You or Your designee must submit:
 - A written statement from Your attending Physician, who must be a licensed, board-certified or board-eligible Physician qualified to practice in the specialty area of practice appropriate to treat Your condition, that the requested out-of-network health service is materially different from the alternate health service available from a Participating Provider that We approved to treat Your condition; and
 - Two (2) documents from the available medical and scientific evidence that the out-of-network service: 1) is likely to be more clinically beneficial to You than the alternate in-network service; and 2) that the adverse risk of the out-of-network service would likely not be substantially increased over the in-network health service.

2. **Out-of-Network Authorization Denial.** You also have the right to Appeal the denial of a request for an authorization to a Non-Participating Provider when We determine that We have a Participating Provider with the appropriate training and experience to meet Your particular health care needs who is able to provide the requested health care service. For a Utilization Review Appeal of an out-of-network authorization denial, You or Your designee must submit a written statement from Your attending Physician, who must be a licensed, board-certified or board-eligible Physician qualified to practice in the specialty area of practice appropriate to treat Your condition:
 - That the Participating Provider recommended by Us does not have the appropriate training and experience to meet Your particular health care needs for the health care service; and
 - Recommending a Non-Participating Provider with the appropriate training and experience to meet Your particular health care needs who is able to provide the requested health care service.

H. Standard Appeal.

1. **Preauthorization Appeal.** If Your Appeal relates to a Preauthorization request, We will decide the Appeal within 30 calendar days of receipt of the Appeal request. Written notice of the determination will be provided to You (or Your designee), and where appropriate, Your Provider, within two (2) business days after the determination is made, but no later than 30 calendar days after receipt of the Appeal request.
2. **Retrospective Appeal.** If Your Appeal relates to a retrospective claim, We will decide the Appeal within 60 calendar days of receipt of the Appeal request. Written notice of the determination will be provided to You (or Your designee), and where appropriate, Your Provider, within two (2) business days after the determination is made, but no later than 60 calendar days after receipt of the Appeal request.
3. **Expedited Appeal.** An Appeal of a review of continued or extended health care services, additional services rendered in the course of continued treatment, home health care services following discharge from an inpatient Hospital admission, services in which a Provider requests an immediate review, mental health and/or substance use disorder services that may be subject to a court order or any other urgent matter will be handled on an expedited basis. An expedited Appeal is not available for retrospective reviews. For an expedited Appeal, Your Provider will have reasonable access to the clinical peer reviewer assigned to the Appeal within one (1) business day of receipt of the request for an Appeal. Your Provider and a clinical peer reviewer may exchange information by telephone or fax. An expedited Appeal will be determined within the earlier of 72 hours of receipt of the Appeal or two (2) business days of receipt of the information necessary to conduct the Appeal.

Our failure to render a determination of Your Appeal within 60 calendar days of receipt of the necessary information for a standard Appeal or within two (2) business days of receipt of the necessary information for an expedited Appeal will be deemed a reversal of the initial adverse determination.

4. **Substance Use Appeal.** If We deny a request for inpatient substance use disorder treatment that was submitted at least 24 hours prior to discharge from an inpatient admission, and You or your Provider file an expedited internal Appeal of Our adverse determination, We will decide the Appeal within 24 hours of receipt of the Appeal request. If You or Your Provider file the expedited internal Appeal and an expedited external appeal within 24 hours of receipt of Our adverse determination, We will also provide coverage for the inpatient substance use disorder treatment while a determination on the internal Appeal and external appeal is pending.

SECTION [XXI]

External Appeal

A. Your Right to an External Appeal.

In some cases, You have a right to an external appeal of a denial of coverage. If We have denied coverage on the basis that a service is not Medically Necessary (including appropriateness, health care setting, level of care or effectiveness of a Covered benefit); or is an experimental or investigational treatment (including clinical trials and treatments for rare diseases); or is an out-of-network treatment, You or Your representative may appeal that decision to an External Appeal Agent, an independent third party certified by the State to conduct these appeals.

In order for You to be eligible for an external appeal You must meet the following two (2) requirements:

- The service, procedure, or treatment must otherwise be a Covered Service under this Policy; and
- In general, You must have received a final adverse determination through Our internal Appeal process. But, You can file an external appeal even though You have not received a final adverse determination through Our internal Appeal process if:
 - We agree in writing to waive the internal Appeal. We are not required to agree to Your request to waive the internal Appeal; or
 - You file an external appeal at the same time as You apply for an expedited internal Appeal; or
 - We fail to adhere to Utilization Review claim processing requirements (other than a minor violation that is not likely to cause prejudice or harm to You, and We demonstrate that the violation was for good cause or due to matters beyond Our control and the violation occurred during an ongoing, good faith exchange of information between You and Us).

B. Your Right to Appeal a Determination that a Service is Not Medically Necessary.

If We have denied coverage on the basis that the service is not Medically Necessary, You may appeal to an External Appeal Agent if You meet the requirements for an external appeal in paragraph “A” above.

C. Your Right to Appeal a Determination that a Service is Experimental or Investigational.

If We have denied coverage on the basis that the service is an experimental or investigational treatment (including clinical trials and treatments for rare diseases), You must satisfy the two (2) requirements for an external appeal in paragraph “A” above and Your attending Physician must certify that Your condition or disease is one for which:

1. Standard health services are ineffective or medically inappropriate; **or**
2. There does not exist a more beneficial standard service or procedure Covered by Us; **or**

3. There exists a clinical trial or rare disease treatment (as defined by law).

In addition, Your attending Physician must have recommended one (1) of the following:

1. A service, procedure or treatment that two (2) documents from available medical and scientific evidence indicate is likely to be more beneficial to You than any standard Covered Service (only certain documents will be considered in support of this recommendation – Your attending Physician should contact the State for current information as to what documents will be considered or acceptable); or
2. A clinical trial for which You are eligible (only certain clinical trials can be considered); or
3. A rare disease treatment for which Your attending Physician certifies that there is no standard treatment that is likely to be more clinically beneficial to You than the requested service, the requested service is likely to benefit You in the treatment of Your rare disease, and such benefit outweighs the risk of the service. In addition, Your attending Physician must certify that Your condition is a rare disease that is currently or was previously subject to a research study by the National Institutes of Health Rare Disease Clinical Research Network **or** that it affects fewer than 200,000 U.S. residents per year.

For purposes of this section, Your attending Physician must be a licensed, board-certified or board eligible Physician qualified to practice in the area appropriate to treat Your condition or disease. In addition, for a rare disease treatment, the attending Physician may not be Your treating Physician.

D. Your Right to Appeal a Determination that a Service is Out-of-Network.

If We have denied coverage of an out-of-network treatment because it is not materially different than the health service available in-network, You may appeal to an External Appeal Agent if You meet the two (2) requirements for an external appeal in paragraph “A” above, and You have requested Preauthorization for the out-of-network treatment.

In addition, Your attending Physician must certify that the out-of-network service is materially different from the alternate recommended in-network health service, and based on two (2) documents from available medical and scientific evidence, is likely to be more clinically beneficial than the alternate in-network treatment and that the adverse risk of the requested health service would likely not be substantially increased over the alternate in-network health service.

For purposes of this section, Your attending Physician must be a licensed, board certified or board eligible Physician qualified to practice in the specialty area appropriate to treat You for the health service.

E. Your Right to Appeal an Out-of-Network Authorization Denial to a Non-Participating Provider.

If We have denied coverage of a request for an authorization to a Non-Participating Provider because We determine We have a Participating Provider with the appropriate training and experience to meet Your particular health care needs who is able to provide

the requested health care service, You may appeal to an External Appeal Agent if You meet the two (2) requirements for an external appeal in paragraph “A” above.

In addition, Your attending Physician must: 1) certify that the Participating Provider recommended by Us does not have the appropriate training and experience to meet Your particular health care needs; and 2) recommend a Non-Participating Provider with the appropriate training and experience to meet Your particular health care needs who is able to provide the requested health care service.

For purposes of this section, Your attending Physician must be a licensed, board certified or board eligible Physician qualified to practice in the specialty area appropriate to treat You for the health service.

F. Your Right to Appeal a Formulary Exception Denial.

If We have denied Your request for coverage of a non-formulary Prescription Drug through Our formulary exception process, You, Your designee or the prescribing Health Care Professional may appeal the formulary exception denial to an External Appeal Agent. See the Prescription Drug Coverage section of this Policy for more information on the formulary exception process.

G. The External Appeal Process.

You have four (4) months from receipt of a final adverse determination or from receipt of a waiver of the internal Appeal process to file a written request for an external appeal. If You are filing an external appeal based on Our failure to adhere to claim processing requirements, You have four (4) months from such failure to file a written request for an external appeal.

We will provide an external appeal application with the final adverse determination issued through Our internal Appeal process or Our written waiver of an internal Appeal. You may also request an external appeal application from the New York State Department of Financial Services at 1-800-400-8882. Submit the completed application to the Department of Financial Services at the address indicated on the application. If You meet the criteria for an external appeal, the State will forward the request to a certified External Appeal Agent.

You can submit additional documentation with Your external appeal request. If the External Appeal Agent determines that the information You submit represents a material change from the information on which We based Our denial, the External Appeal Agent will share this information with Us in order for Us to exercise Our right to reconsider Our decision. If We choose to exercise this right, We will have three (3) business days to amend or confirm Our decision. Please note that in the case of an expedited external appeal (described below), We do not have a right to reconsider Our decision.

In general, the External Appeal Agent must make a decision within 30 days of receipt of Your completed application. The External Appeal Agent may request additional information from You, Your Physician, or Us. If the External Appeal Agent requests

additional information, it will have five (5) additional business days to make its decision. The External Appeal Agent must notify You in writing of its decision within two (2) business days.

If Your attending Physician certifies that a delay in providing the service that has been denied poses an imminent or serious threat to Your health; or if Your attending Physician certifies that the standard external appeal time frame would seriously jeopardize Your life, health or ability to regain maximum function; or if You received Emergency Services and have not been discharged from a Facility and the denial concerns an admission, availability of care, or continued stay, You may request an expedited external appeal. In that case, the External Appeal Agent must make a decision within 72 hours of receipt of Your completed application. Immediately after reaching a decision, the External Appeal Agent must notify You and Us by telephone or facsimile of that decision. The External Appeal Agent must also notify You in writing of its decision.

If Your internal formulary exception request received a standard review through Our formulary exception process, the External Appeal Agent must make a decision on Your external appeal and notify You or Your designee and the prescribing Health Care Professional within 72 hours of receipt of Your completed application. If the External Appeal Agent overturns Our denial, We will Cover the Prescription Drug while You are taking the Prescription Drug, including any refills.

If Your internal formulary exception request received an expedited review through Our formulary exception process, the External Appeal Agent must make a decision on Your external appeal and notify You or Your designee and the prescribing Health Care Professional within 24 hours of receipt of Your completed application. If the External Appeal Agent overturns Our denial, We will Cover the Prescription Drug while You suffer from the health condition that may seriously jeopardize Your health, life or ability to regain maximum function or for the duration of Your current course of treatment using the non-formulary Prescription Drug.

If the External Appeal Agent overturns Our decision that a service is not Medically Necessary or approves coverage of an experimental or investigational treatment or an out-of-network treatment, We will provide coverage subject to the other terms and conditions of this Policy. Please note that if the External Appeal Agent approves coverage of an experimental or investigational treatment that is part of a clinical trial, We will only Cover the cost of services required to provide treatment to You according to the design of the trial. We will not be responsible for the costs of investigational drugs or devices, the costs of non-health care services, the costs of managing the research, or costs that would not be Covered under this Policy for non-investigational treatments provided in the clinical trial.

The External Appeal Agent's decision is binding on both You and Us. The External Appeal Agent's decision is admissible in any court proceeding.

We will charge You a fee of insert any amount up to \$25 for each external appeal, not to

exceed \$75 in a single Plan Year. The external appeal application will explain how to submit the fee. We will waive the fee if We determine that paying the fee would be a hardship to You. If the External Appeal Agent overturns the denial of coverage, the fee will be refunded to You.

H. Your Responsibilities.

It is Your responsibility to start the external appeal process. You may start the external appeal process by filing a completed application with the New York State Department of Financial Services. You may appoint a representative to assist You with Your application; however, the Department of Financial Services may contact You and request that You confirm in writing that You have appointed the representative.

Under New York State law, Your completed request for external appeal must be filed within four (4) months of either the date upon which You receive a final adverse determination, or the date upon which You receive a written waiver of any internal Appeal, or Our failure to adhere to claim processing requirements. We have no authority to extend this deadline.

SECTION [XXII]

Termination of Coverage

This Policy may be terminated as follows:

A. Automatic Termination of this Policy.

This Policy shall automatically terminate upon the death of the Subscriber, unless the Subscriber has coverage for Dependents. If the Subscriber has coverage for Dependents, this Policy will terminate as of the last day of the month for which the Premium has been paid.

B. Automatic Termination of Your Coverage.

Coverage under this Policy shall automatically terminate:

1. For Spouses in cases of divorce, the date of the divorce.
2. For Children, the end of the month in which the Child turns 26 years of age.
3. For all other Dependents, the end of the month in which the Dependent ceases to be eligible, except that We shall not terminate Your Dependent if Your Dependent becomes eligible for or enrolls in Medicare.

Eligibility or enrollment in Medicare is not a basis for termination under this Policy.

C. Termination by You.

The Subscriber may terminate this Policy at any time by giving the NYSOH at least 14 days' prior written notice.

D. Termination by Us.

We may terminate this Policy with 30 days' written notice as follows:

1. Non-Payment of Premiums.

Premiums are to be paid by the Subscriber to Us on each Premium due date. While each Premium is due by the due date, there is a grace period for each Premium payment. If the Premium payment is not received by the end of the grace period, coverage will terminate as follows:

- If the Subscriber does not receive advanced payments of the Premium Tax Credit for coverage in the NYSOH and fails to pay the required Premium within a 30-day grace period, this Policy will terminate retroactively back to the last day Premiums were paid. The Subscriber will be responsible for paying any claims submitted during the grace period if this Policy terminates.
- If the Subscriber receives advanced payments of the Premium Tax Credit and has paid at least one (1) full month's Premium, this Policy will terminate one month after the last day Premiums were paid. That is, retroactive termination will not exceed 61 days. We may pend claims incurred during the 61-day grace period. The Subscriber will be

responsible for paying any claims incurred during the 61-day grace period if this Policy terminates.

2. Fraud or Intentional Misrepresentation of Material Fact.

If the Subscriber or the Subscriber's Dependent has performed an act that constitutes fraud or the Subscriber has made an intentional misrepresentation of material fact in writing on his or her enrollment application, or in order to obtain coverage for a service, this Policy will terminate immediately upon a written notice to the Subscriber and/or the Subscriber's Dependent, as applicable, from the NYSOH. However, if the Subscriber makes an intentional misrepresentation of material fact in writing on his or her enrollment application, We will rescind this Policy if the facts misrepresented would have led Us to refuse to issue this Policy and the application is attached to this Policy. Rescission means that the termination of Your coverage will have a retroactive effect of up to one (1) year. If termination is a result of the Subscriber's action, coverage will terminate for the Subscriber and any Dependents. If termination is a result of the Dependent's action, coverage will terminate for the Dependent.

3. If the Subscriber no longer lives or resides in Our Service Area.

4. The date the Policy is terminated because We stop offering the class of policies to which this Policy belongs, without regard to claims experience or health related status of this Policy. We will provide the Subscriber with at least 90 days' prior written notice.

5. The date the Policy is terminated because We terminate or cease offering all hospital, surgical and medical expense coverage in the individual market, in this State. We will provide the Subscriber with at least 180 days' prior written notice.

No termination shall prejudice the right to a claim for benefits which arose prior to such termination.

See the Conversion Right to a New Contract after Termination section of this Policy for Your right to conversion to another individual Policy.

SECTION [XXIII]

Extension of Benefits

When Your coverage under this Policy ends, benefits stop. But, if You are totally disabled on the date the Policy terminates, continued benefits may be available for the treatment of the injury or sickness that is the cause of the total disability.

For purposes of this section, “total disability” means You are prevented because of injury or disease from engaging in any work or other gainful activity. Total disability for a minor means that the minor is prevented because of injury or disease from engaging in substantially all of the normal activities of a person of like age and sex who is in good health.

A. When You May Continue Benefits.

If You are totally disabled on the date Your coverage under this Policy terminates, We will continue to pay for Your care under this Policy during an uninterrupted period of total disability until the first of the following:

- The date You are no longer totally disabled; or
- 12 months from the date this Policy terminated.

B. Limits on Extended Benefits.

We will not pay extended benefits:

- For any Member who is not totally disabled on the date coverage under this Policy ends; or
- Beyond the extent to which We would have paid benefits under this Policy if coverage had not ended.

SECTION [XXIV]

Temporary Suspension Rights for Armed Forces' Members

If You, the Subscriber, are a member of a reserve component of the armed forces of the United States, including the National Guard, You have the right to temporary suspension of coverage during active duty and reinstatement of coverage at the end of active duty if:

1. Your active duty is extended during a period when the president is authorized to order units of the reserve to active duty, provided that such additional active duty is at the request and for the convenience of the federal government; and
2. You serve no more than five (5) years of active duty.

You must make written request to Us to have Your coverage suspended during a period of active duty. Your unearned Premiums will be refunded during the period of such suspension.

Upon completion of active duty, Your coverage may be resumed as long as You:

1. Make written application to Us; and
2. Remit the Premium within 60 days of the termination of active duty.

The right of resumption extends to coverage for Your Dependents. For coverage that was suspended while on active duty, coverage will be retroactive to the date on which active duty terminated.

SECTION [XXV]

Conversion Right to a New Policy after Termination

A. Circumstances Giving Rise to Right to Conversion.

The Subscriber's Spouse and Children have the right to convert to a new Policy if their coverage under this Policy terminates under the circumstances described below.

- 1. Termination of Your Marriage.** If a Spouse's coverage terminates under the Termination of Coverage section of this Policy because the Spouse becomes divorced from the Subscriber or the marriage is annulled, that former Spouse is entitled to purchase a new Policy as a direct payment member.
- 2. Termination of Coverage of a Child.** If a Child's coverage terminates under the Termination of Coverage section of this Policy because the Child no longer qualifies as a Child, the Child is entitled to purchase a new Policy as a direct payment member.
- 3. On the Death of the Subscriber.** If coverage terminates under the Termination of Coverage section of this Policy because of the death of the Subscriber, the Subscriber's Dependents are entitled to purchase a new Policy as direct payment members.

B. When to Apply for the New Policy.

If You are entitled to purchase a new Policy as described above, You must apply to Us for the new Policy within 60 days after termination of Your coverage under this Policy. You must also pay the first Premium of the new Policy at the time You apply for coverage.

C. The New Policy.

We will offer You an individual direct payment Policy at each level of coverage (i.e., bronze, silver, gold or platinum) that Covers all benefits required by state and federal law. You may choose among any of the four (4) Policies offered by Us.

SECTION [XXVI]

General Provisions

1. Agreements Between Us and Participating Providers.

Any agreement between Us and Participating Providers may only be terminated by Us or the Providers. This Policy does not require any Provider to accept a Member as a patient. We do not guarantee a Member's admission to any Participating Provider or any health benefits program.

2. Assignment.

You cannot assign any benefits under this Policy or legal claims based on a denial of benefits to any person, corporation or other organization. You cannot assign any monies due under this Policy to any person, corporation or other organization unless it is an assignment to Your Provider for a surprise bill. See the How Your Coverage Works section of this Policy for more information about surprise bills. Any assignment of benefits or legal claims based on a denial of benefits by You other than for monies due for a surprise bill will be void. Assignment means the transfer to another person or to an organization of Your right to the services provided under this Policy or Your right to collect money from Us for those services. Nothing in this paragraph shall affect Your right to appoint a designee or representative as otherwise permitted by applicable law.]

3. Changes in this Policy.

We may unilaterally change this Policy upon renewal, if We give You 45 days' prior written notice.

4. Choice of Law.

This Policy shall be governed by the laws of the State of New York.

5. Clerical Error.

Clerical error, whether by You or Us, with respect to this Policy, or any other documentation issued by Us in connection with this Policy, or in keeping any record pertaining to the coverage hereunder, will not modify or invalidate coverage otherwise validly in force or continue coverage otherwise validly terminated.

6. Conformity with Law.

Any term of this Policy which is in conflict with New York State law or with any applicable federal law that imposes additional requirements from what is required under New York State law will be amended to conform with the minimum requirements of such law.

7. Continuation of Benefit Limitations.

Some of the benefits in this Policy may be limited to a specific number of visits, and/or subject to a Deductible. You will not be entitled to any additional benefits if Your coverage status should change during the year. For example, if Your coverage status changes from covered family member to Subscriber, all benefits previously utilized when

You were a covered family member will be applied toward Your new status as a Subscriber.

8. Entire Agreement.

This Policy, including any endorsements, riders and the attached applications, if any, constitutes the entire Policy.

9. Fraud and Abusive Billing.

We have processes to review claims before and after payment to detect fraud and abusive billing. Members seeking services from Non-Participating Providers could be balance billed by the Non-Participating Provider for those services that are determined to be not payable as a result of a reasonable belief of fraud or other intentional misconduct or abusive billing.

10. Furnishing Information and Audit.

All persons covered under this Policy will promptly furnish Us with all information and records that We may require from time to time to perform Our obligations under this Policy. You must provide Us with information over the telephone for reasons such as the following: to allow Us to determine the level of care You need; so that We may certify care authorized by Your Physician; or to make decisions regarding the Medical Necessity of Your care.

11. Identification Cards.

Identification ("ID") cards are issued by Us for identification purposes only. Possession of any ID card confers no right to services or benefits under this Policy. To be entitled to such services or benefits, Your Premiums must be paid in full at the time the services are sought to be received.

12. Incontestability.

No statement made by the Subscriber in an application for coverage under this Policy shall avoid the Policy or be used in any legal proceeding unless the application or an exact copy is attached to this Policy. After two (2) years from the date of issue of this Policy, no misstatements, except for fraudulent misstatements made by the Subscriber in the application for coverage, shall be used to void the Policy or deny a claim.

13. Independent Contractors.

Participating Providers are independent contractors. They are not Our agents or employees. We and Our employees are not the agent or employee of any Participating Provider. We are not liable for any claim or demand on account of damages arising out of, or in any manner connected with, any injuries alleged to be suffered by You, Your covered Spouse or Children while receiving care from any Participating Provider or in any Participating Provider's Facility.

14. Material Accessibility.

We will give You ID cards Policies, riders, and other necessary materials.

15. More Information about Your Health Plan.

You can request additional information about Your coverage under this Policy. Upon Your request, We will provide the following information:

- A list of the names, business addresses and official positions of Our board of directors, officers and members; and Our most recent annual certified financial statement which includes a balance sheet and a summary of the receipts and disbursements.
- The information that We provide the State regarding Our consumer complaints.
- A copy of Our procedures for maintaining confidentiality of Member information.
- A copy of Our drug formulary. You may also inquire if a specific drug is Covered under this Policy.
- A written description of Our quality assurance program.
- A copy of Our medical policy regarding an experimental or investigational drug, medical device or treatment in clinical trials.
- Provider affiliations with participating Hospitals.
- A copy of Our clinical review criteria, and where appropriate, other clinical information We may consider regarding a specific disease, course of treatment or Utilization Review guidelines.
- Written application procedures and minimum qualification requirements for Providers.

16. Notice.

Any notice that We give You under this Policy will be mailed to Your address as it appears in Our records or delivered electronically if you consent to electronic delivery. If notice is delivered to You electronically, You may also request a copy of the notice from Us. You agree to provide Us with notice of any change of Your address. If You have to give Us any notice, it should be sent by U.S. mail, first class, postage prepaid to: [CareConnect Insurance Company, Inc. 2200 Northern Blvd, Suite 104, East Hills, NY 11548.]

17. Premium Refund.

We will give any refund of Premiums, if due, to the Subscriber.

18. Recovery of Overpayments.

On occasion, a payment will be made to You when You are not covered, for a service that is not Covered, or which is more than is proper. When this happens, We will explain the problem to You and You must return the amount of the overpayment to Us within 60 days after receiving notification from Us. However, We shall not initiate overpayment recovery efforts more than 24 months after the original payment was made unless We have a reasonable belief of fraud or other intentional misconduct.

19. Renewal Date.

The renewal date for this Policy is January 1 of each year. This Policy will automatically renew each year on the renewal date, unless otherwise terminated by Us as permitted by this Policy or by the Subscriber upon 30 days' prior written notice to Us.

20. Reinstatement after Default.

If the Subscriber defaults in making any payment under this Policy, the subsequent acceptance of payment by Us or by one of Our authorized agents or brokers shall reinstate the Policy.

21. Right to Develop Guidelines and Administrative Rules.

We may develop or adopt standards that describe in more detail when We will or will not make payments under this Policy. Examples of the use of the standards are to determine whether: Hospital inpatient care was Medically Necessary; surgery was Medically Necessary to treat Your illness or injury; or certain services are skilled care. Those standards will not be contrary to the descriptions in this Policy. If You have a question about the standards that apply to a particular benefit, You may contact Us and We will explain the standards or send You a copy of the standards. We may also develop administrative rules pertaining to enrollment and other administrative matters. We shall have all the powers necessary or appropriate to enable Us to carry out Our duties in connection with the administration of this Policy.

We review and evaluate new technology according to technology evaluation criteria developed by Our medical directors and reviewed by a designated committee, which consists of Health Care Professionals from various medical specialties. Conclusions of the committee are incorporated into Our medical policies to establish decision protocols for determining whether a service is Medically Necessary, experimental or investigational, or included as a Covered benefit.

22. Right to Offset.

If We make a claim payment to You or on Your behalf in error or You owe Us any money, You must repay the amount You owe Us. Except as otherwise required by law, if We owe You a payment for other claims received, We have the right to subtract any amount You owe Us from any payment We owe You.

23. Severability.

The unenforceability or invalidity of any provision of this Policy shall not affect the validity and enforceability of the remainder of this Policy.

24. Significant Change in Circumstances.

If We are unable to arrange for Covered Services as provided under this Policy as the result of events outside of Our control, We will make a good faith effort to make alternative arrangements. These events would include a major disaster, epidemic, the complete or partial destruction of facilities, riot, civil insurrection, disability of a significant part of Participating Providers' personnel, or similar causes. We will make reasonable attempts to arrange for Covered Services. We and Our Participating Providers will not

be liable for delay, or failure to provide or arrange for Covered Services if such failure or delay is caused by such an event.

25. Subrogation and Reimbursement.

These paragraphs apply when another party (including any insurer) is, or may be found to be, responsible for Your injury, illness or other condition and We have provided benefits related to that injury, illness or condition. As permitted by applicable state law, unless preempted by federal law, We may be subrogated to all rights of recovery against any such party (including Your own insurance carrier) for the benefits We have provided to You under this Policy. Subrogation means that We have the right, independently of You, to proceed directly against the other party to recover the benefits that We have provided.

Subject to applicable state law, unless preempted by federal law, We may have a right of reimbursement if You or anyone on Your behalf receives payment from any responsible party (including Your own insurance carrier) from any settlement, verdict or insurance proceeds, in connection with an injury, illness, or condition for which We provided benefits. Under Section 5-335 of the New York General Obligations Law, Our right of recovery does not apply when a settlement is reached between a plaintiff and defendant, unless a statutory right of reimbursement exists. The law also provides that, when entering into a settlement, it is presumed that You did not take any action against Our rights or violate any contract between You and Us. The law presumes that the settlement between You and the responsible party does not include compensation for the cost of health care services for which We provided benefits.

We request that You notify Us within 30 days of the date when any notice is given to any party, including an insurance company or attorney, of Your intention to pursue or investigate a claim to recover damages or obtain compensation due to injury, illness or condition sustained by You for which We have provided benefits. You must provide all information requested by Us or Our representatives including, but not limited to, completing and submitting any applications or other forms or statements as We may reasonably request.

26. Third Party Beneficiaries.
