

A wider network for Westchester.

At CareConnect, we make it easier to get and stay healthy. And we do it for up to 20% less* than those “big insurance companies.” But convenience and affordability are just part of the story. We also provide access to some of the best physicians and facilities in Westchester, including over 2,900 doctors, five top hospitals and the best medical groups.

Members are never far from a nationally ranked hospital.

Our network includes five of the best hospitals in the region—Northern Westchester Hospital, Phelps Memorial Hospital Center, White Plains Hospital, Montefiore New Rochelle Hospital and Montefiore Mount Vernon Hospital.

The county’s leading medical groups offer everything in a single location.

With Mount Kisco Medical Group, WESTMED Medical Group, Westchester Health Associates, and ENT & Allergy Associates, our Westchester members have access to over 100 medical group locations and dozens of key services—from cancer and pediatric care to radiology and labs.

Access to some of the best doctors and hospitals in Westchester at up to 20% less. That’s healthier insurance.
